

PRIMER

Background

All online live classes, lessons, assessments, reminders and the method of submission (Turn-ins) of school works are featured in the school's **LearningBoard**. The **LearningBoard** is a cloud-based learning platform of Westfield.

Credentials needed to access the LearningBoard

1. The student must sign-in with the Google Account using the school issued Gmail Account. **Do not use other account and NEVER SKIP this step**. The Gmail Account is issued to the student free of charge. The format of the Gmail account is shown below;

joserizal@wsos.edu.ph

2. The student must be ready to use his/her LRN or Learner's Reference Number when a Password is prompted in the Learning Board. Normally students from Grade 1 to Grade 12 are already issued with LRNs. Students without LRNs, specially Nursery and Kinder, will be issued a temporary LRN in the form of reference number by the school.

How to access the LearningBoard?

1. Type **wsosonline.net** in the Google address or URL bar.
2. Click the **STUDENT BUTTON** to access the Student Dashboard.
3. Once inside the Student Dash Board, select your Level-Section to enter your respective online class.

Features of the LearningBoard

1. **My Zoom Class Panel** – This is used to join the live class of a teacher. The student can automatically join the Zoom class without experiencing the intricacies of typing the meeting ID and password.
2. **My Lessons Panel** – This is used to view the uploaded daily lessons of a teacher in video or pdf format.
3. **My Announcements Panel** – This is used to view the class reminders and school bulletins.
4. **My Assessments Panel** – This is used to access the quizzes, tests, quarter examinations, etc.
5. **My Turn-Ins Panel** – This Panel provides students a link to submit an assignment preparation, written solutions to Math problems or other written papers that maybe required by the teacher in a particular subject.
